Beneficial Microbial Blend Pellets to Target Organic Muck

Ready-to-use pellet containing beneficial bacteria designed to decrease levels of leaf litter, dead algae cells, grass clippings, dead plant matter, and other materials commonly found in organic lake and pond sediment (“muck”) while reducing odors and improving water clarity.

- Pellets sink quickly, targeting the “muck” on the bottom, and near beaches and docks.
- Beneficial bacteria reduce biologically available nutrients important to growth of algae.
- Contains bacteria and enzymes for digesting organic muck and eliminating odors.
- 3 billion Colony Forming Units (CFUs) per gram.
- The beneficial bacteria in Muck-PRO produce the enzymes key to digesting components present in “pond muck”.
- Properly treated water may be used for swimming, fishing, and animals drinking the water.

Surface Acres: Length (ft.) x Width (ft.) / 43,560 = Surface Acres	
Start-up Applications (Pounds per Surface Acre)	Maintenance Application (Pounds per Surface Acre)
20 pounds	10 pounds

Square feet: Length (ft.) x Width (ft.) = Total Square Feet	
Start-up Applications (Pounds per 1,000 sq.ft.)	Maintenance Application (Pounds per 1,000 sq.ft.)
0.5 pounds	0.25 pounds

Keep Out of Reach of Children

Read all Precautionary Statements, First Aid, Directions for Use and Storage and Disposal on label before use.

FIRST AID	
If inhaled	Remove individual to fresh air. Seek medical attention if breathing becomes difficult or if respiratory irritation develops.
If on skin	Flush skin with water for 15 minutes. Take off all contaminated clothing. Seek medical attention if irritation develops.
If in eyes	Flush eyes with plenty of water for at least 15 minutes. Seek medical attention if irritation develops.
If swallowed	Immediately drink water to dilute. Seek medical attention if symptoms develop. Never give anything by mouth to an unconscious person.
Have the product container or label with you when calling a poison control center or doctor or going for treatment. IN CASE OF EMERGENCY, CALL 1-800-535-5053.	

PRECAUTIONARY STATEMENTS: Do not inhale dust. Wear rubber gloves and protective eyewear. Do not get on skin or clothing or get in eyes. Wash hands thoroughly after handling. Do not taste or swallow. Do not mix with any other chemical.

DIRECTIONS FOR USE

Spread pellets evenly over target area using a gloved hand, scoop, handheld spreader, or mechanical-type spreader.

Apply from Spring through Autumn, or any time of the day when water temperature exceeds 50° F. Muck-PRO works effectively in a broad range of water pH between 5.5 and 8.5.

Determine the amount of product required, using the calculations and the following charts.

Start-up Applications: Apply specified dose every 14 days until desired level of muck reduction is achieved.

Maintenance Applications: Apply specified application rate every 30 days to maintain desired appearance and digest muck seasonally.

STORAGE AND DISPOSAL: Store in a cool place in unopened bag out of direct sunlight. Do not reuse empty bag. Empty bag thoroughly then offer for recycling, or dispose of in accordance with state and local regulations.

Warranty Disclaimer: SePRO Corporation warrants that this product conforms to the chemical description on the product label. Testing and research have also determined that this product is reasonably fit for the uses described on the product label. To extent consistent with applicable law SePRO Corporation makes no other express or implied warranty of fitness or merchantability nor any other express or implied warranty and any such warranties are expressly disclaimed.

Misuse: To the extent consistent with applicable law, the buyer assumes responsibility for any adverse consequences if this product is not used according to its label directions. In no case shall SePRO Corporation be liable for any losses or damages resulting from the use, handling or application of this product in a manner inconsistent with its label.
