Carmel, IN 46032, U.S.A.

DIRECTIONS FOR USE

For application to ponds, lakes, fisheries and ornamental bodies of water.

IMPORTANT: Do not apply this product to water intended for direct human consumption. Do not use this product in streams, rivers or other bodies of water which are not under the control of the user. Only use this product in accordance with local, state and federal regulations. Open the foil-lined over pack to dispense the water-soluble packet. Holding onto the foil-lined over pack, drop or throw the SePRO BLUE packet into the body of water. Water temperature and degree of agitation will influence dissolution and dispersion of SePRO BLUE packet.

USE RATE

Each SePRO BLUE packet will effectively treat one (1) acre of water one (1) foot deep. Most lakes and ponds should be treated to a depth of four (4) feet. To determine the initial number of packet(s) to apply, multiply the surface acres of the body of water by 4. If you do not know the surface acres, measure the length and width and use the formula below.

$$\frac{\text{Length in feet} \times \text{Width in feet}}{43,560} \times 4 = \text{Number of packets to use}$$

Once the initial dye treatment has completely dispersed, you may add additional packet(s) if desired to increase color intensity as well as level of shading.

STORAGE AND DISPOSAL

IMPORTANT: Do not open the protective over pack until you are ready to dispense the packet(s). Moisture will dissolve packet(s). Do not allow packet(s) to become wet until added to the body of water. Always dispose of rinsate, and foil-lined over pack in compliance with local, state and federal regulations.

PRECAUTIONARY STATEMENTS

Before using this product, read the entire label including the conditions of sale. Consult the MSDS for further information.

STATEMENT OF PRACTICAL TREATMENT

If Swallowed:	Do not induce vomiting unless directed to do so by medical personnel. Seek medical attention immediately.
If in Eyes:	Flush with plenty of low-pressure water.
If on Skin:	Wash exposed areas with soap and water.
If Inhaled:	This material is not expected to be an inhalation problem.

GENERAL INFORMATION

SePRO BLUE is a proprietary blend of environmentally friendly, non-toxic, water-soluble dyes formulated to reduce sunlight penetration and impart a natural blue color when applied to lakes and ponds. SePRO BLUE packets are protected by a unique, waterproof, foil-lined over pack to prevent accidental staining while handling. SePRO BLUE, and its water-soluble packaging, dissolve quickly and are non-toxic to turf grass, birds, mammals, reptiles, fish or other aquatic species.

Irrigation, swimming and other recreational uses are approved during and following the use of this product. Applications to chlorinated water may require more frequent treatment.

CONDITIONS OF SALE

Read the information contained herein before buying or using this product. If the stated terms are not acceptable, return the product at once, unopened. It is critical that this product be used and mixed only as specified on this label. Neither the manufacturer nor the seller makes any representation or warranty, expressed or implied, with respect to the results from the use of this material. Buyer and user assume all risks of use and/or handling. SePRO Corporation warrants that this material is reasonably fit for use as specified on this label. No agent or representative is authorized to make any other representations concerning this material. Unforeseen factors beyond SePRO's control prevent elimination of risks in connection with the use of its chemicals. Such risks include, but are not limited to, damage to plants and/or crops to which the material is applied, or lack of complete control and damage caused by drift to other plants or crops. Such risks may occur even though the product is reasonably fit for use as stated hereon and even though label directions are followed. Follow directions carefully. Timing, mixture, method of application, weather and other conditions are influencing factors in the use of this product and are beyond the control of the seller. Except to the extent prohibited by applicable law, the exclusive remedy of the user or buyer and the limit of liability of the company or any other seller for any and all losses, personal injuries or damages resulting from the use of this product, shall be the purchase price paid by the user or buyer for the quantity of product involved.
