DIRECTIONS FOR USE

For best results, distribute uniformly over the surface of the waterbody, or the area targeted for application, as an aqueous slurry. Under certain conditions EutroSORB G may also be applied directly to the water based on management objectives and site conditions. For site specific rates, treatment recommendations, or applications to waters with hardness less than 50ppm, contact SePRO Corporation at 1-800-419-7779. Treatment with this product will not by itself make water potable. For applications in waters destined for use as drinking water, those waters must receive additional and separate potable water treatment.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

Storage: Store in original container and keep closed. Store in a dry place.

Container Handling:
